

## **SHORT CV [30.09.2012]**

**Irene S. Karanasiou** (M'05) was born in Athens, Greece. She received the Diploma and the Ph.D. degree in electrical and computer engineering from the National Technical University of Athens (NTUA), Athens, in 1999 and 2003, respectively. Since 1999, she has been a Researcher with the Microwave and Fiber Optics Laboratory (MFOL), NTUA. She has authored or coauthored more than 90 papers in refereed international journals and conference proceedings. Her current research interests include biomedical imaging techniques, medical informatics, bioelectromagnetism, and applications of microwaves in therapy and diagnosis. Dr. Karanasiou is a member of the IEEE Engineering in Medicine and Biology Society (EMBS) and the Technical Chamber of Greece. She was the recipient of the Thomaidio Foundation Award for her doctoral dissertation and three academic journal publications.
